
COMPETENCY MANAGEMENT USING EUROPASS CV AND ePORTFOLIO CV-ORIENTED WEB-SERVICE - ABSTRACT

Marc Van Coillie (EifEL)

Abstract: This document will describe how it is possible to use external definition of competencies based on IEEE RDC standard for competency management and assessment using Europass - Europortfolio CV HR-XML profile to store all competency evidence. It will highlight different use cases (self-assessment and reflexion, assessment using Learning Management System with SCORM 2004, assessment using HR-XML assesment, assessment using ePortfolio management system).

Keywords: comptency, europass, hr-xml, assessment, ieee, rdc, lms, epms
