**hRESUME -  
A MICRO-FORMAT FOR EPORTFOLIO INTEROPERABILITY? -  
ABSTRACT**

---

**Abstract:** This short presentation will highlight implementation issues of hResume micro-format to enhance interoperability between web2 and HR web-services. It will include a presentation of the Firefox Micro-format Operator plug-in and capabilities to transform "on the fly" hResume to other CV format using CVT. A round table and discussion with participants will close this session to study if a mirco-format could be valuable for ePortfolio interoperability.

**Keywords:** micro-format, eportfolio, cv, hresume, hr-xml
