
EUROPORTFOLIO INTEROPERABILITY FRAMEWORK - ABSTRACT

Marc Van Coillie (EIFEL)

Abstract: This poster will present the Europortfolio interoperability framework and the two main interoperability use cases: (1) user based interoperability: using micro-format, OpenID, HR-XML, IMS; (2) organisation based interoperability: using Liberty Alliance and HR-XML ID-SIS.

Keywords: Liberty Alliance, OpenID, HR-XML, micro-format, IMS, FOAF
