Learning to learn

coach **mentor**

Learning to teach, coach,
mentor, counsel...

“The student develops and produces learning resources as part of her/his learning process [...] refines them and brings them to her/his personal portfolio (e-portfolio).

The content of her/his portfolio is shared with other students. The content is easily accessible as learning objects or as materials for future studies and for future jobs.”

Strategy for digital learning resources in higher education 2005-2008 (Norway)
