

 digitalbrain PLC

ePortfolio management
and
Remote Moderation

 digitalbrain PLC

ePortfolio Manager

Providing internal/external
assessment management against
specifications or standards

Developed in collaboration with OCR

 digitalbrain PLC

Key development objectives:

- [Mapping learning/skills to standards/specifications](#)
- [Security, rigour, authenticity](#)
- [Process for standardisation \(control and management\)](#)
- [External / remote moderation](#)
- [Lifelong learning.](#)

 digitalbrain PLC

Lifelong Learning:

- ePortfolio ownership resides with candidate
- ePortfolio managed by Centre/employer
- Archived for retrieval
- Links to all evidence - audited and managed

 digitalbrain PLC

ePortfolio Manager

- Maps user evidence of achievements to specifications or standards
- Meets regulations for external assessment
- Cross references evidence from different sources to specifications and/or standards
- Internal standardisation
- Provides remote moderation

 digitalbrain PLC

Benefits of ePortfolio

- Reduced assessment bureaucracy and workload
- Audit trail of 'work in progress'
- Wider/richer range of evidence
- Efficiency/cost savings - portfolio construction/postage/storage/time/resources/management
- Simplified standardisation and moderation procedures

ePortfolio Applications:

- Courses with evidence based assessment – GNVQ/coursework
- Internal standardisation
- Mapping of professional evidence against standards (e.g. Career entry/threshold/ subject leader/ management)
- Work-based learning profiles
- Records of Achievement/National Progress Files
- Performance management
