**IST-2004-026650**

# Research for eGovernment

R4eGov project

# R4eGov in short

- **Funded by:** the European Commission through the Framework Programme 6 – Integrated Project
- **Contract duration:** from March 2006 to March 2009
- **Budget:** €11.4 millions (€7.4 millions financed by EC)
- **Partners:** 20 partners in 7 countries (BE, FR, IT, UK, NL, DE, AT)
- **Tasks:** 11 Work packages

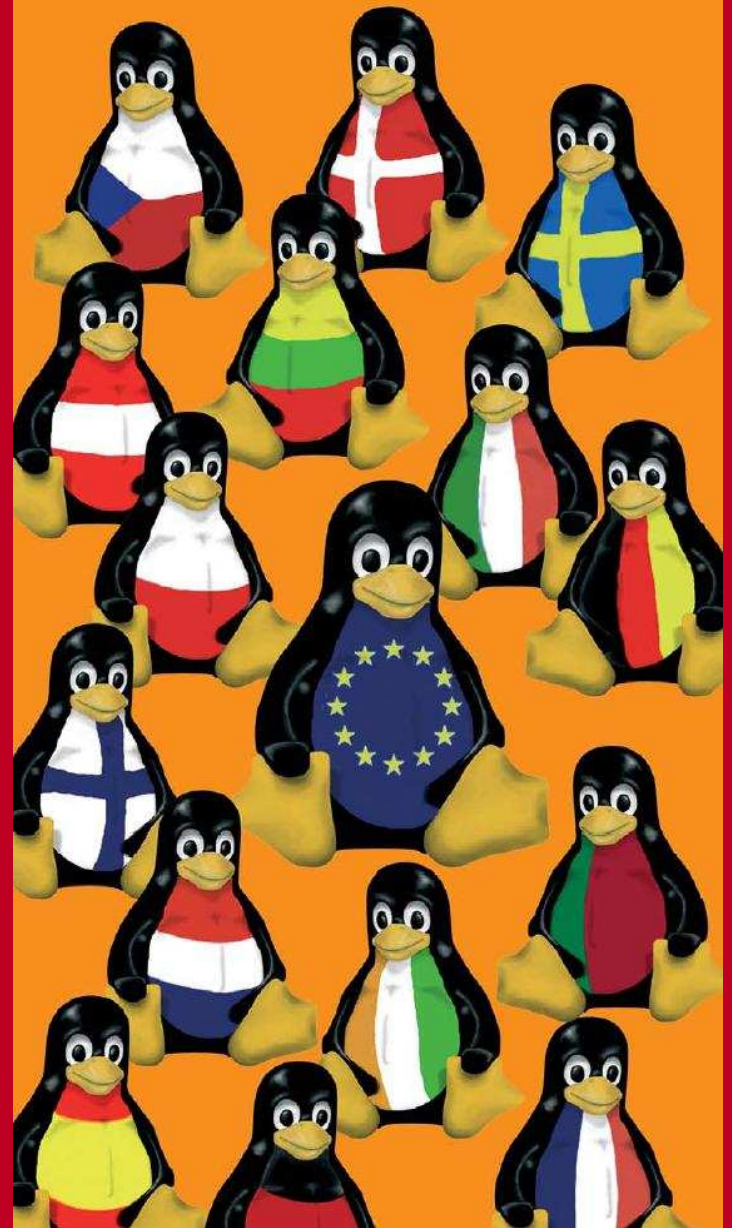

<http://www.r4egov.eu>

# R4eGov Mission Statement

- Most of the eGovernment initiatives were created as **stand-alone applications**.
- Today, these stand-alone applications **need to communicate with each other**.
- R4eGov challenge: **make sure that communication is achieved**
  1. Without replacing any of the systems already in place.
  2. Without breaking any of the rules implemented in the Member States.
  3. Without compromising the citizen's privacy.

# Open Source Observatory and Repository

OSOR project

# OSOR in short

- **Funded by:** the European Commission through the IDABC programme
- **Contract duration:** from Dec 2006 to Dec 2009
- **Partners:** 4 partners in 4 countries (BE, DE, NL, SP)
  - Unisys, UNU-MERIT, GOPA-Cartermill, Universidad Rey Juan Carlos
- **Tasks:** Publishing/Drafting News, Case studies, Feasibility study, Promotion of synergies, Expert consulting missions, Open Source Guidelines, OSS Repository for Public Administrations projects...

<http://ec.europa.eu/idabc>

# OSOR Mission Statement

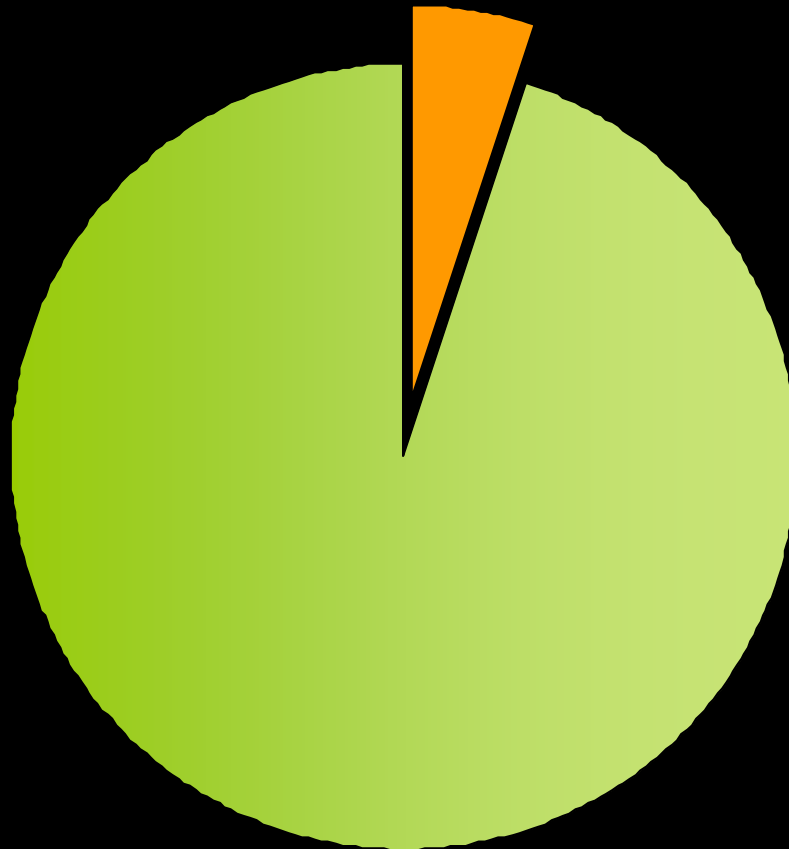

*“To promote the spread of good practice in the use of open source software (OSS) by public administrations”*

By:

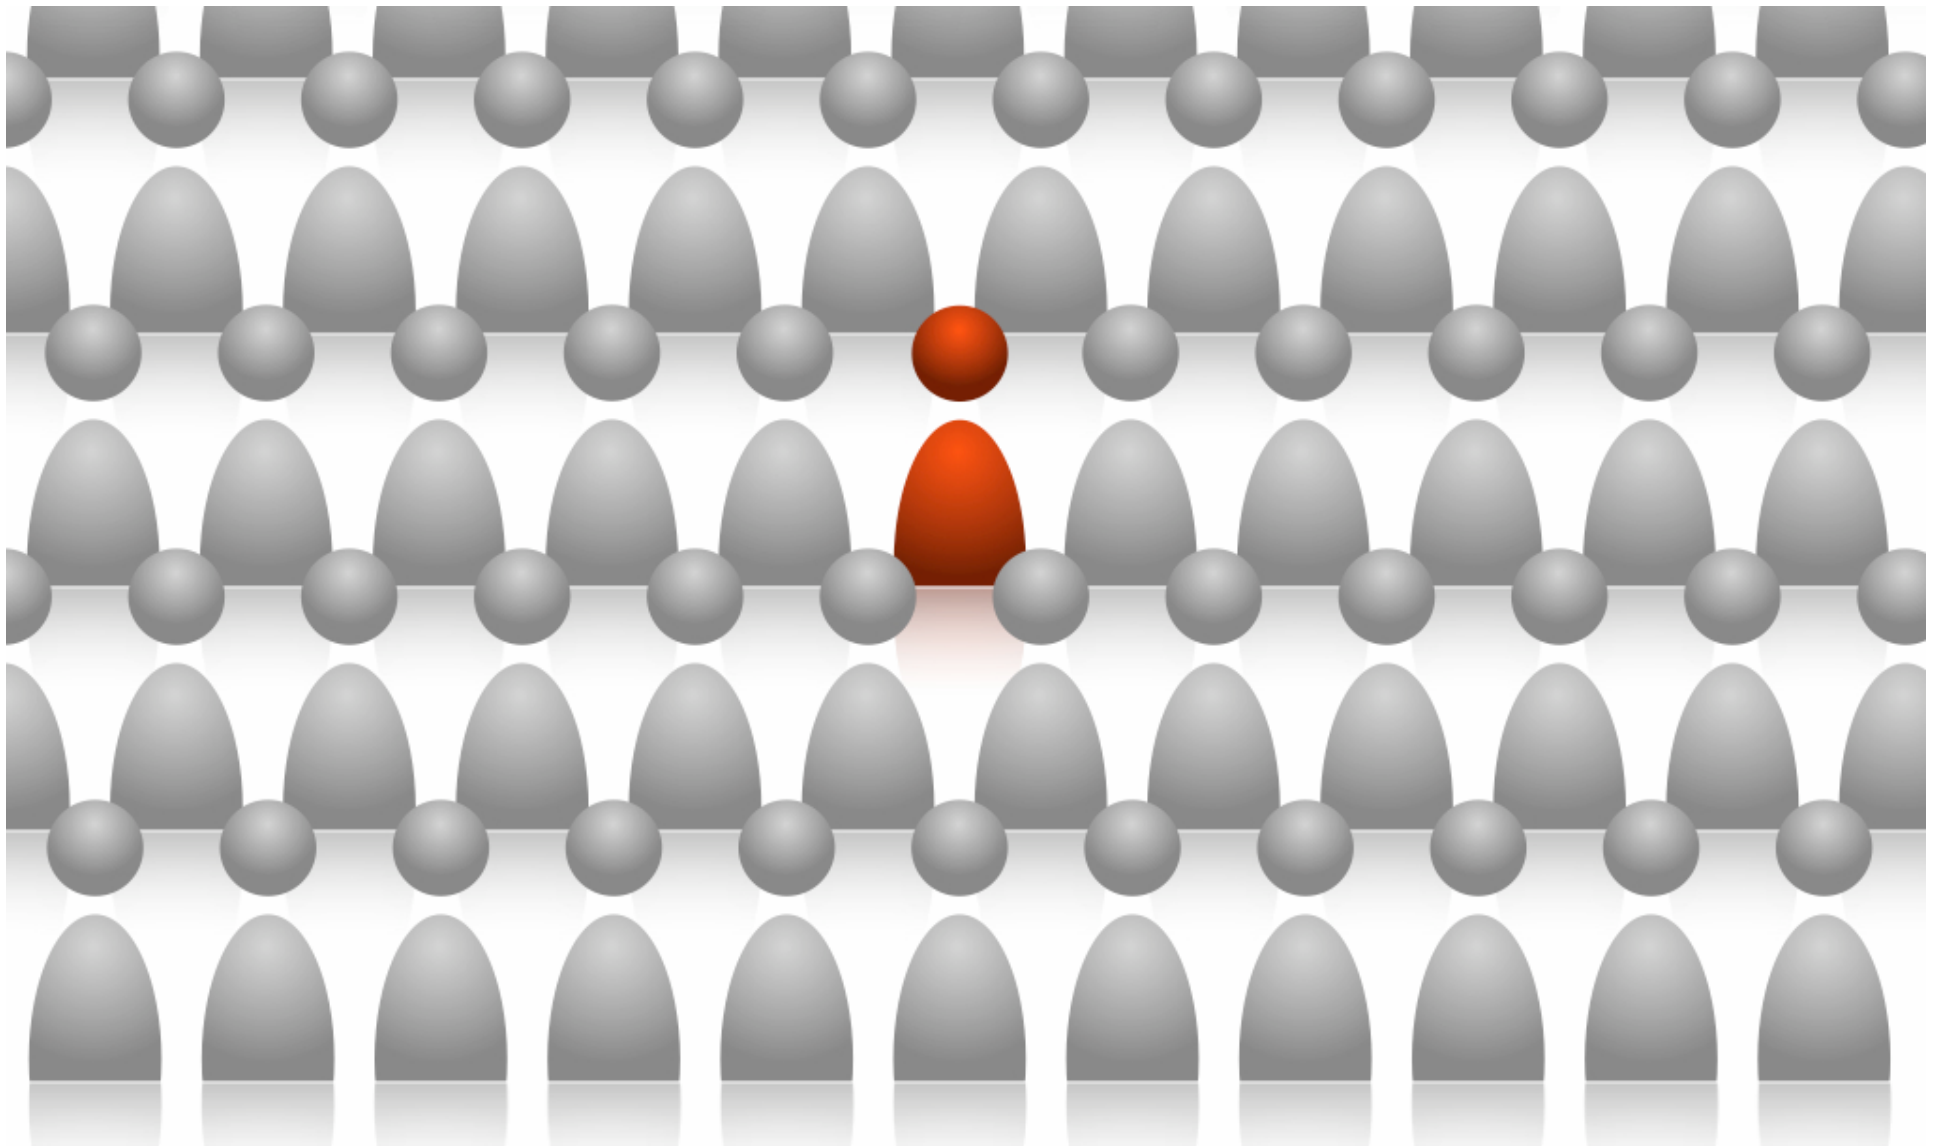

- making the lessons learnt in the deployment of OSS available to others;
- providing technical and economic expertise on specific issues related to the deployment of OSS;
- encouraging the re-use of publicly-financed Open Source Software (OSS) developments or OSS developments specifically targeting public sector requirements;
- linking up national activities and actors in order to facilitate structured and informal dialogues between these.

# HR-XML, CV Management & Social networking

The majority of the consultants  
**edits their CV manually...**

...Consultants manage about  
**3 different CV formats in 3  
languages...**

**If you get an interview and use a  
World's Leading Career Network...**

**What is the first  
question**

**a potential employer  
will ask you?**

# ...please, send me your CV based on MS Word format **targeted to the company X** translated in language Y
